Portfolio website: https://avivarubenstein.github.io/React-Portfolio/ • Github: https://github.com/AvivaRubenstein

Technical Skills

Frontend: HTML, CSS, JavaScript, JQuery, Bootstrap

Backend: MySQL, MongoDB, Express.js, ReactJS, Node.js, Handlebars, Webpack, GraphQL

Education

Columbia Engineering Boot Camp, New York, NY   May 2023

Full Stack Certificate

- Object-Oriented Programming, SQL, Object-Relational Mapping, Model-View-Controller, Computer Science for Javascript, Web APIs, Third-Party APIs, Server-Side APIs

Queens College, Flushing, NY   Spring 2022

Bachelor of Science, Psychology; GPA: 4.0

Projects

Job Search Website | Deployed: https://tinyurl.com/3bv5x5t9 | GitHub: https://tinyurl.com/39ujv2ur

- Developed site to allow users to search for jobs, save listings they are interested in, and keep track of their progress in the application process
- Used Axios to retrieve job listing data from the Adzuna API and integrate it into the site
- Utilized Apollo GraphQL typeDefs and resolvers to define and execute queries and mutations, allowing the website's frontend to perform CRUD operations on the database
- Generated unique JSON web tokens for authentication

Tech Blog | Deployed: https://tinyurl.com/4bsdrcyu | GitHub: https://tinyurl.com/2p9f2ba5

- Built a full-stack application using the Model-View-Controller paradigm, with functionality for creating, editing, and deleting posts and comments
- Used session storage for authentication to validate user identity and to keep users logged in
- Dynamically generated web page content using express-handlebars as a templating engine

Weather Dashboard | Deployed: https://tinyurl.com/mrywu8v6 | GitHub: https://tinyurl.com/murbk429

- Consumed OpenWeather APIs to retrieve the five-day forecast for a user-specified location
- Recorded user's previous searches as buttons that can be clicked to view a location's forecast again, using local storage and React state

Experience

Peer Counseling Coordinator, Queens College   August 2020 – May 2021

- Designed the new protocol for online office hours during COVID-19 pandemic alongside fellow coordinators and college staff, enabling the program to continue running
- Worked closely with the director of the program and other coordinators to oversee and troubleshoot the program, and negotiated with other departments to obtain crucial resources
- Mediated interpersonal conflicts and helped students develop strong relationships with mentors
- Directed the publicity committee and organized students' participation in fundraising and recruitment

Peer Counselor, Queens College   September 2019 – May 2021

- Counseled individuals to help them understand and overcome personal and social problems
- Interviewed applicants and wrote detailed feedback as a screening committee member
- Mentored a student new to the program and trained them in necessary counseling skills

Office Manager, Home Foot Care PC   June 2020 – April 2021

- Collaborated with the practicing doctor to implement a more efficient organizational system for the office, and transitioned the doctor's paper filing to an online filing system
- Consulted with doctor regularly to address relevant technological concerns
